exhibition & conference

**Date & Opening hours:**

Saturday – Monday,  
25 – 27 September 2019  
10:00 - 18:00

**Booth Number:** UF18

Dear Valued Customer,

We are delighted to invite you to visit us at the **3<sup>rd</sup> edition of Maghreb Health**, the largest healthcare exhibition and conference in the region. The exhibition will be hosted from **25 – 27 September 2019** at the **Palais des Expositions, SAFEX, Algiers, Algeria**.

**FORACARE'S CUTTING EDGE SOLUTIONS AND FORA® TELEHEALTH PILOT PROGRAM**

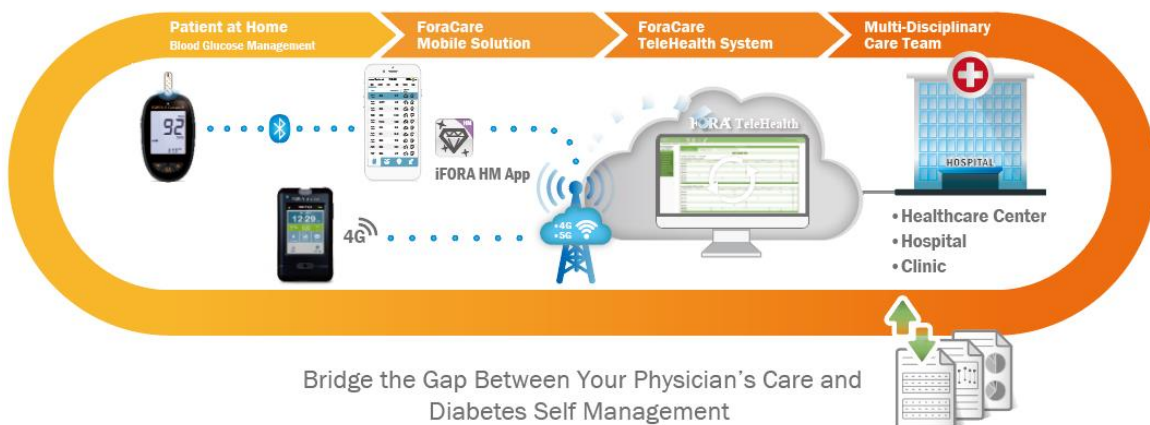

We are planning on making a memorable first appearance at Maghreb Health 2019. All of our latest innovations, from smart technology to state-of-the-art Telehealth System, will be showcased in this exhibition.

Fuelled by innovation, ForaCare was the first to launch a handheld monitoring system that features six parameters in a single device. This year, we will take a step forward by introducing **FORA 6 GTel**, that not only measures six parameters, but also features a color and touch screen, and cellular connectivity for seamless data upload to our telehealth cloud.

The FORA® Telehealth System bridges the gap between physician's care and chronic disease self-management. Our customized solutions enable remote monitoring of chronic conditions, providing access to care ahead of crisis, reducing healthcare costs and improving lives. Diabetes, hypertension, and/or obesity patients can choose from various methods to upload their data via the iFORA Mobile Apps or 3G/4G cellular Network.

Come and visit our booth to learn more about our pilot program and sponsorship opportunities.

Your presence at our stand (**UF18**) will be greatly valued.

We look forward to welcoming you.

Yours sincerely,

The ForaCare Suisse AG Marketing Team
